4. Coaches will not under any circumstance recruit players rostered on another team, nor will they contact any player or parent directly when that player is rostered on another team.
5. This policy will become effective for the spring 2012 season, with the following exception for that season : players rostered out of their age group will be allowed to continue playing on their respective teams when, after consultation with the coach, both the player and parents agree that continued placement on that team will best serve the player's soccer development and the mission of Martha's Vineyard United. Consideration will be best given to the player's contributions to the team, maturity, commitment and the families understanding of the possible social impacts to a younger player participating on an older team. In cases where there is a disagreement among the parties, the Board of Directors reserves the right to review, arbitrate and resolve the differences.
